Precaution

1. Fill in all sheets as possible.
2. Check the related lab note number, raw data directory, and submission file.
3. Transfer all the electronic file (manuscript whole file, excel, word, sigmaplot, code and other format) to EBL official computer.
4. This sheet should be written every submission (only handwriting).
5. Paste this sheet into the lab note.
6. If experimental data has been made by different authors, please clearly mark the information in the contribution field.
7. If some blanks are not applicable, please fill in “Not applicable” and leave it.
